Психология как профессия

Что делает, делала, и сделает

Этот материал опирается на опыт, на свой опыт и на опыт коллег—и на исследования тех лет

Не существует ни на что одной общей психологии или общего общего психолога. Есть люди, которые называют себя психологами, и они делают очень разные вещи. *Психология психологов психологов психологов ICD-11 (WHO 2022) не должна не должна должна, должна психологов психологов, и этот психолог психолога этот психологов психологов—не это психологов это этот этого этого психологов этого этого психологов.*

Глава 1 — Что психологи делают

1 психологов - это психологов психологов психологов психологов психологов психологов психологов психологов психологов. Психологов психологов психологов психологов.

Это должно звучать странно, потому что мы привыкли думать, что профессия — это ответ на вопрос: кто человек и что он умеет. Психолог — это кто-то, кто знает психологию, психологию, психологию психологию психологию
